The Search Committee is pleased to announce that Senior Consultant Peter Philip, of the firm Carney Sandoe and Associates, has been hired to assist St Peter's in finding our next Head of School. Mr. Philip, a former Head of School himself, has helped several schools with similar searches over the past few years. He will be assisted by Burke Zalosh, a Senior Search Associate at Carney Sandoe.

Mr. Philip and Ms. Zalosh will be visiting St Peter's on September 14th and 15th, and look forward to meeting members of the SPS community. The purpose of their visit will be to learn more deeply about the SPS community and to gather input from parents, faculty, staff, students and alumni. There will be several opportunities to meet with Peter and Burke during their visit and we invite you to participate in this exciting process.
